### **Pertinent rules from the Knights of Columbus International Bowling Association**

1. The Annual Tournament of the Knights of Columbus International Bowling Association shall be conducted on a Handicap basis. Each entrant shall receive a handicap on eighty percent (80%) of the difference between his\her previous season's highest league average and two hundred-twenty (220) pins for each game entered. If his/hers current league average for at least 21 games or more as of time of bowling is 10 pins or more above last season's highest league average, the current average must be used.

2. An entrant with no previous season's league average, K of C tournament average, or current league average for 21 games or more as of February 1, 2024, must enter at 190 average.

3. It shall be each bowler's responsibility to verify the accuracy of his\her average whether originally submitted by the bowler, or the team captain. Failure to use the proper average or make correction prior to completion of the first game of bowling, shall disqualify score if submitted average is lower than actual average or prize winnings will be based on submitted average if it is higher than actual average. The Tournament Secretary may authorize an extension of time to correct the average by giving written consent to the bowler. Any falsification on the entry blank will be reported to the USBC to be dealt with in accordance with their rules. It will also be reason for barring the individual and team captain from future tournaments.

4. Once a bowler entered in team event only has bowled he/she cannot substitute in Doubles and Singles **and** qualify for All-Events. A substitute bowler cannot qualify for All-Events unless he/she has filed a Replacement Affidavit by the captain or leader. Replacement Affidavits are available at the Tournament office, and must be made at least 30 minutes before scheduled bowling time.
